

This is the second assignment. My name is Kongsak and my student ID is 5680624

About this document:

1. This document uses the font size 12pt.
2. It is created to help you practice typing lists and tables.

Do you like bullet points? I don't.

- They can get **very** repetitive.
- ★ Even when I change the bullet symbol it doesn't feel special.

I'm making this last list with the **outline** environment. (This requires the **outlines** package.) Why use this environment?

- Because nesting
 - is so easy
- with this particular
 - environment.
 - * other ways to do nesting are much more cumbersome.

The table below is flushrighted.

Items	Cost
loaf of bread	\$3.5
toothpaste	\$1.79
dental floss	\$3.9

The table below is in the middle.

upper left	center		upper right
left		<i>the middle</i>	right
	in the middle		
lower left	<i>nothing here</i>		lower right
